

## Springwood Community Liaison Committee (CLC) Meeting

- Type:** wpd Canada – Springwood Project Local Community
- Date:** March 2, 2016 | 7:00-8:30 pm
- Location:** 110 Metcalfe St. Elora, Elora Legion Branch 229, Patio Room
- Attendees:** Elora: Three community members  
wpd: Ray Currie, Jennifer Ng, Jonathan Clifford
- Reference:** Springwood Wind Project Development
- Agenda:**
- Introduction
  - Purpose of the Meeting
  - Project Presentation
  - Discussion
  - Next Steps

### Meeting format and considerations for the next meeting:

A formal presentation was given, and wpd answered questions from community members. An update on the post-construction monitoring was requested.

### Post Construction and Operation Information:

Monitoring completed: Bird and bat monitoring has been completed for a year.

Works to come: Acoustic monitoring to be conducted.

### Meeting Summary:

- There were two community members plus a third that popped in for a few minutes near the end of the meeting.
- At 7:15, Jonathan and Jennifer presented project information. The slideshow reviewed the basic purpose of the CLC, provided a summary of the project's progress, post-construction monitoring obligations and results.
- Jon discussed the post-construction stage of the project in depth, including potential major and minor maintenance schedules.
- Community members shared their experiences with the turbine's sounds
- Community members requested that results from post-construction monitoring be posted; wpd noted current results are still in draft form, but might be posted later
- The details of operational mitigation in regards to birds and bats were discussed in detail
- wpd staff remained at the venue until 8:30pm in case any other residents came in later.

### Next steps:

- Meeting minutes
- Any feedback on how we are doing this, please let us know!
