RE: Modifications to Napier Wind Project project location

Dear Khlaire Parré,

The Ministry of Natural Resources (MNR) has received the document dated September 6, 2012, which describes modifications to the project location for the Napier Wind Project made subsequent to MNR's letter confirming the Natural Heritage Assessment in respect of the project.

Upon review of the modifications, MNR is satisfied that the Natural Heritage Assessment requirements of Ontario Regulation 359/09 have been met. We confirm that the project no longer requires an environmental impact study report be prepared as there are no longer any significant natural features identified within 120 m of the project location.

Please add this letter as an addendum to the confirmation letter issued March 27, 2012 for the Napier Wind Project.

If you wish to discuss, please contact me at amy.cameron@ontario.ca or 708-875-7481.

Sincerely,

A handwritten signature in blue ink that reads "Amy Cameron".

Amy Cameron
